Child Crisis Center - East Valley, Inc.

...at the heart of serving children and families

Dear Brenda,

Thank you for working with us to make the Spider-Man appearance an enormous success! Over 350 members of the community were able to attend this Child Abuse Awareness Program! Judging by the positive response in our community and feedback we received from attendees, it was a great resource for families!

Over the last 21 years, more than 9,500 infants, toddlers and children up to age twelve have found comfort and security at the Child Crisis Center. However, sheltering them for a short while is not enough. We know that we need to educate the community by providing prevention programs such as Spider-Man in a non-judgmental environment. Follow-up prevention workshops will be held at our East Valley Family Resource Center to help parents access our services as they are needed.

Your contribution helped us to serve those who are often forgotten – our youngest and most vulnerable citizens. Take pleasure in knowing you have helped to touch the lives of hundreds of children.

Sincerely,

Angela Takagi
Family Resource Center Program Assistant
